POKER FINANCE

Who we are?

We are a team that seeks to create a decentralized platform to play poker, and to do so with organization, privacy for users, transparency of developers, sustainability and fun. Have you ever thought about the union between Cryptocurrency and Poker?

Our team presents itself with the objective of filling a gap in the market, we bring a sustainable platform and a project with sufficient funding for development, and able to continue without having to sell tokens on the market.

The bettor who chooses our platform will have full confidentiality of their expenses, this is due to the fact that we use a token. In addition to guaranteed privacy, the bettor will be able to count on the portability of loading their coins in their private wallet, liquidity to convert to \$BUSD or \$BNB whenever they want, and freedom to carry out their transactions with privacy and low cost, without having to go through tax control, institutions or banking intermediaries, our customers can transact our Token anywhere in the world and you can bet from anywhere on the planet.

POKER FINANCE

Overview

Token Economics

No team members hold tokens, with the initial source of fundraising being our token trading fee where 10% goes to the development fund.

What will be on the platform?

- Safe Platform!
- Instant game payout
- Easy access to online matches
- Speed and agility on the platform

The benefits don't stop there...

Poker Finance holders received a BUSD reward, where they can choose to reinvest this reward, or withdraw and enjoy this wonderful passive income.

POKER FINANCE

About the Rewards

BUSD rewards are widely used as a way of thanking investors who faithfully hold their tokens in their wallet.

How does the payment work?

The BUSD payment happens according to the movement of the chart, the more movement in the token, the more BUSD is distributed to investors.

Technical information

Our token will have a maximum supply of 1 BILLION units, a fee of 10% of which 7% will be sent to the development wallet, 1% added to liquidity and 2% will be returned in the form of BUSD to investors.

The Rewards

To receive Busd, you just have the Poker Finance token in your wallet and that's it. Very simple!

The BUSD reward will be distributed as the transactions are made, if you have many transactions, consequently you will receive more Rewards.

This distribution is made several times during the day.

POKER FIN  NCE

The Platform.

The platform will be an online poker where investors will be able to use the token to play and win directly and indirectly, as part of the development portfolio will be used to buy coins on the market as a way to encourage investors to keep standing.
